

Due to the current global Corona Virus situation we would like to inform you that the preparations for the ESA-JRC International Summerschool on GNSS go ahead as planned and we are looking forward that the event will take place in late July 2020 as scheduled. By then we are expecting the situation on Corona Virus to have stabilized and be back to normality. In any case we will follow the developments in this field thoroughly and will keep you updated about any changes. Also, we will implement the current rules for hygiene if needed. In case that the organizers would need to cancel the ESA-JRC International Summerschool unilaterally as a consequence of the Corona Panemia, the registration fee would be refunded in full to all participants.
